I expand my thanks to Aarti Singh, Rahul Awasthi, Namrata Upadhyay, my best friend Neha Singh and to all friends from bottom of my heart for stimulating companionship, rendered moral support.

The never ending process of enlightenment, which was initiated by my parents, uncle –aunty, my grandmother and all other family members like angles, drew me to this milestone and I am really staggered to realize, just how many efforts have been put in by them. My father Shri Satya Prakash Singh and mother Smt. Bindu Singh, especially, working hard at providing a great life for me and having instilled in me invaluable work and personal ethics. They always loved me unconditionally and their good examples have taught me to work hard for the things that I aspire to achieve.

My special acknowledgement goes to my husband Mr. Rajesh Kumar Singh who has been a constant source of support and encouragement during the challenges of Ph.D work and life. I could not imagine making out my thesis without the effort and sacrifices made by him. The constant moral support and love given by him in the past three years energizes me and encourages me to go forward run hard. I am truly thankful for having you in my life.

I am highly thankful to my elder sister Mrs. Deepmala Singh for constant help encouragement and for creating cheerful environment around me. I possess no words to describe how much I am thankful to my brothers, Deepak Kumar Singh and Surya Pratap Singh, besides, they are younger to me they always supported me in the entire period of my studies.

I would like to recognize the valuable contribution offered by my grandmother Smt. Chandrakali and grandfather late Sabha Pati Singh who introduced me to school and he worked extremely hard for me during my school life.

Words cannot express how grateful I am to my mother-in law Smt. Vidya Singh and father-in-law Sri Mahadev Singh, for all of the sacrifices that they’ve made on my behalf. Their prayer for me was what sustained me thus far.

I would like to recognize the valuable contributions offered by uncles Satyendra and Sanjay and aunt Sangeeta and Anju Singh for always standing by me at the hour of the need.

Finally, throughout this challenging process, I have been reminded over and over what supportive and caring people are around me (Bua, fufa, my cousins Jacky, Lucky, Aashi and Ansh). I feel extremely lucky to have such an amazing group of family and friends. This work is certainly a product of their support and care for me; it is certainly humbling to be surrounded by such a special group of people. I consider myself fortunate in having such caring and loving family.
